Adorable home cats don' t want to play

You and your partner have just moved to a new home in the suburbs with your furry companion, an adorable cat named Snow. What to do first? Let's clean up so you can start decorating! There is a sofa, a table and a TV stand, but not much else. What's missing here? Oh... silly me, a TV of course. Let's buy it first! But we can't just watch TV all day. Your partner needs to work and you have important chores around the house to do. Be sure to prepare meals for your partner and feed your kitty (or more, kitties as the case may be) to earn love. Use the love to buy more furniture, decorations and yes... more CATS to your house to make it absolutely adorable! The more cats you have, the more adorable moments you get. Capture them in snapshots with your retro camera and collect them all in your photo album. Really enjoying the game? Collect enough love and unlock new areas like the garden where you can gather love from forest creatures that come to visit your adorable home. Adorable Home is a passive and relaxing experience. Come back and check in on the game every few hours to see something new, gather some love, and continue to decorate your home. We hope you enjoy! ♥ Adorable Home requires read/write access to external storage to store your progress locally on your device. Adorable Home is LGBTQ+ Friendly. It refers mature themes and sometimes depicts characters in revealing outfits; this is a game about partners inside their home (bedroom, bathroom, etc.) after all.
